

3M AVAGARD

General Hand and Body Wash

9230

Two in one product
For use as both a general routine hand wash and as a body wash when showering/bathing

To routinely clean visibly soiled hands and body

Gentle on the skin with moisturisers and emollients

General Moisturising Barrier Lotion

9260

Hydrates, nourishes and protects the skin's outer layers, replacing moisture and oils lost by constant hand washing. This prevents cracked, dry skin which may harbour more pathogens, thus reducing the risk of cross-infection. (Larson, E. Skin Hygiene and Infection prevention: more of the same or different approaches. Clinical infectious diseases 1999: 29: 1287-94

Fast penetrating, leaving a protective barrier on the skin restricting moisture loss.

Antiseptic Hand & Body Wash 2%

9232

Two in one product; for use as an antiseptic hand wash prior to clinical procedures, and as a pre-surgical patient body wash

Broad spectrum bactericidal activity, with added moisturisers and emollients

Residual and cumulative efficacy. (3M Data on file)

Antiseptic Surgical Hand Scrub 4%

9241

An antiseptic surgical hand scrub for removal of resident and transient flora

Can also be used as an antiseptic skin cleanser for antibacterial hand washing prior to invasive procedures

Also contains moisturisers and emollients

Advanced Skin Hygiene Solutions
